DETAILED ACTION

Claim Objections

1. Claim 14 is objected to because of the following informalities: Claim 14, a device claim, depends from Claim 15, a method claim. It appears to be a typographical error. For purposes of this Office Action, it is assumed that Claim 14 depends from Claim 13. Appropriate correction is required.

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 1 and 15 rejected under 35 U.S.C. 102(b) as being anticipated by U.S. Patent No. 5,048,512 to Turner et al.

Turner discloses a gastrostomy tube protector having a clip 1, medical tube 5, bore 7 and tubing storage cavity 10. See Figures 1-3 and cols. 2-4.

Allowable Subject Matter

3. Claims 16-19 are allowed.

4. Claims 2-14 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Art Unit: 3763
